

Nautilus Yachting unveils preview brochure for 2012 bareboat & flotilla holidays

16 September 2011

Nautilus Yachting is pleased to announce the launch of the preview brochure for its 2012 bareboat and flotilla sailing holidays at the PSP Southampton Boat Show on Friday 16 September. It features the leading charter company's most popular bareboat fleets and flotillas, all with early booking discounts. Copies of the brand new 2012 brochure are available at the media centre or on the Nautilus Yachting stand (J047) at the Southampton Boat Show.

With an excellent choice of both bareboat and flotilla yachts with cruising areas throughout the Mediterranean and Caribbean, Nautilus Yachting offers sailing holidays to suit all tastes from experienced couples and novice families to mixed groups of friends. The company's flexibility and commitment to service ensure that each holiday fits the client's individual requirements. For more information visit www.nautilusyachting.com.

NEW FOR 2012: Nautilus Yachting's Ionian Flotilla will be running an exciting two-week north-south route sailing north to the idyllic islands of Paxos and Anti-Paxos before sailing south to visit the islands of Meganissi, Kastos, Ithaca and Cephalonia.

NEW FOR 2012: A classic yacht charter from the famous Greek island of Mykonos in the centre of the Aegean with direct flights from most UK airports. Nautilus Yachting offers a large range of bareboat yacht charters from 37' to 55' to explore the popular area that has until now been difficult to reach.

NEW FOR 2012: Nautilus Yachting's Bodrum flotilla will now start and finish on Mondays to fit with a better choice of flights from most UK airports and at much better prices than Saturday flights.

Nautilus Yachting can also provide flights if clients prefer an ATOL-bonded flight-inclusive holiday or flights can be arranged independently. Nautilus Yachting said that its clients really liked the transparency of their pricing and the opportunity it provided for them to tailor-make their own holiday arrangements.
