Shiver at ghostly tales from the river bank and marvel at incredible exploits with rod and line. There are stories of the ones that got away as well as catches that set records. Discover the macabre ground bait used in some corners of the world and relive the excitement of that first thrilling tug on the line. Encounter the wide array of wildlife that can come between you and your catch, including bears, birds of prey and killer whales. The adventures of fishermen young and old, novice and experienced are shared, ensuring there is an anecdote for everyone.

“We all like a good fishing story and these are good, very good ... surprise, suspense – you can’t beat it.” Hugh Miles
