The Racing Rules Companion 2013-2016 is a handy summary of the new racing rules.

For the beginner, this is the perfect introduction to the rules to help get your racing career started. Clear illustrations explain the new rules that apply from 2013. Every aspect of the race is covered, from starts to sailing the course, propulsion, room at marks, three boat situations, penalty turns, signals, protests and appeals.

Produced in a splash proof format that will stand up to on-the-water rigors, *The Racing Rules Companion* is also a quick reference for more experienced racing sailors, whether in dinghies or yachts.

A proper understanding of the racing rules is crucial to success on the water and there is no better pocket guide to the latest rules.

Bryan Willis is the leading authority on the rules of yacht and dinghy racing. He has been chairman of the jury and chief umpire for some of the most prestigious sailing events in the world, including the America's Cup and Olympics. He has served on International Sailing Federation (ISAF) Racing Rules Committee for over 25 years.
