

MONTECARLO

Classic, Forward.

## MONTE CARLO

Some boats are born with superior genes.

The **MC4**, world debut in Cannes September 2013, has inherited powerful features from the larger models in the Monte Carlo Yachts range: striking but timeless design, luxurious detailing and innovative solutions unprecedented in this class, plus an air of nobility that is utterly Monte Carlo.

## NEW MONTE CARLO 4 Truly unique, truly Monte Carlo

MONFALCONE, 28<sup>TH</sup> AUGUST 2013.

First in the range due to its size, the **MC4**, new 43ft model launched worldwide during the Festival de la Plaisance in Cannes, shares all the same assets of its predecessors.

The aesthetic Monte Carlo concept provides the yacht with a classic and innovative design as well as strong sea-worthiness.

It shares the same bow design as the MC5, optimised to offer both safety and comfort on the water, and is equipped with the Volvo IPS engine, either 400 or 500.

On the water, its sleek, elegant line gives it a unique personality. It is emphasized by a vast flybridge offering an outstanding living space. A large saloon with a 6 people capacity, a seat to keep the pilot company, a very spacious bathing platform – each area is optimised to offer uncompromising comfort.

MONTECARLO

Classic, Forward.

The Monte Carlo philosophy is also reflected on the main deck thanks to a **total continuity between the interior and exterior areas**.

From the rear of the cockpit to the helm, everything is at the same level. The glass doors disappear to reveal an amazing living space.

At the rear, the cockpit can be fitted with an outdoor kitchen, accessible from the large sunbathing platform, available in hydraulic version (optional).

At the centre of this space, the kitchen offers various equipment levels to meet everybody's requirements. The spacious saloon can comfortably seat 6 around the table, with the most magnificent sea view.

On the lower deck, the **MC4** features two suites with en-suite bathrooms. At the rear, the owner cabin stretches across the boat's full width, thereby enjoying all the natural light pouring in from the two panoramic portholes.

Also very bright thanks to its many portholes, the VIP cabin at the front welcomes guests in the most unrivalled space.

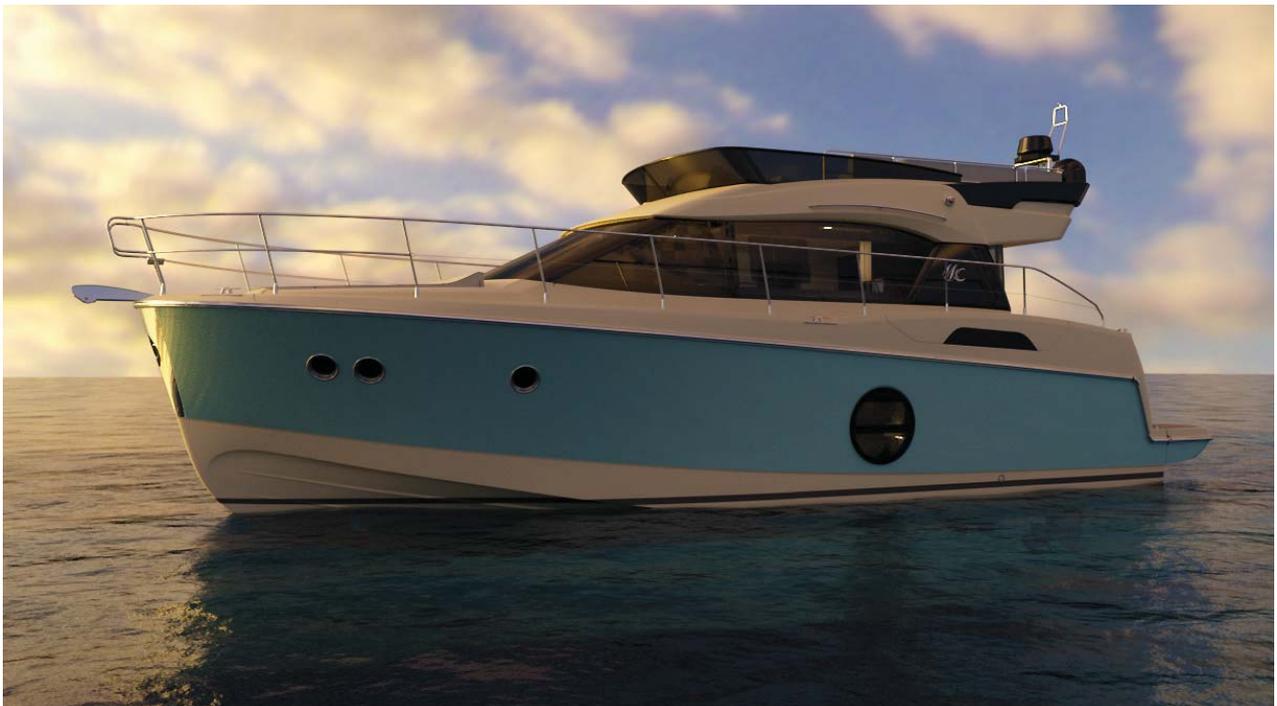

MONTECARLO

Classic, Forward.

Every material has been carefully selected: brushed wood, wet look leather, precious textured fabrics, all in harmonious soft and elegant shades.

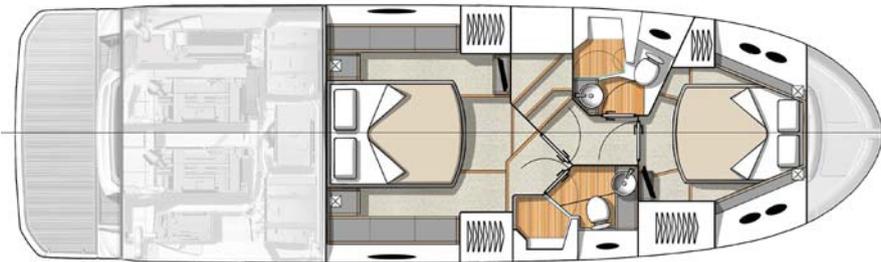

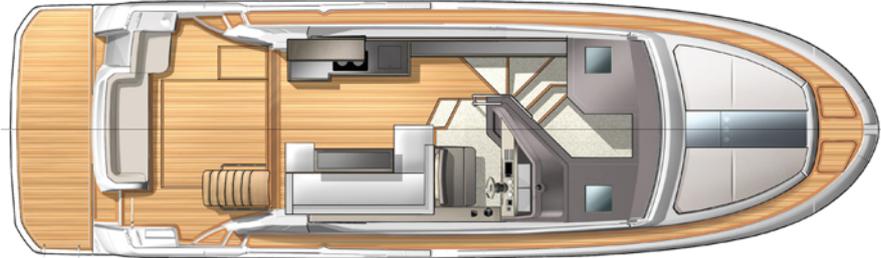

Being on board the **MC4**, feels like being on board a yacht and this makes it truly unique, truly Monte Carlo.
