Prestige 520 to have UK Launch at TheYachtMarket.com Southampton Boat Show 2017

The Prestige 520 will have its UK launch at TheYachtMarket.com Southampton Boat Show, while the Prestige 460 will debut in the UK at the show, which takes place 15-24th September 2017.

Prestige has chosen the show for the UK launch of the Prestige 520, the latest in the luxury motor yacht brand's Flybridge line, illustrating the importance it places in the UK market. The Prestige Flybridge range is known for offering a vast spacious flybridge with socialising, sunbathing and dining in mind.

Prestige 520

The Prestige 520 has an 'XXL' Flybridge, unique on a 52ft motor yacht, meaning that there is plenty of space for relaxing in comfort. The bright, inviting saloon is designed for socialising with sofas that face each other and an innovative helm bench seat, which adjusts electronically to face the saloon, creating the perfect space for entertaining.

The huge saloon windows not only let light in, which in turn gives uninterrupted views, but also allow the outside and inside spaces to flow harmoniously into each other. The boat is full of clever details making life on board easier while maximising the available space.

The Prestige 520 incorporates all the latest innovations from Garroni Design and Jean-François de Premorel, Prestige's head of product design.

The Prestige 460, making its UK debut at the TheYachtMarket.com Southampton Boat Show, was released in March 2017 and is one of the newest models in the Prestige flybridge range. Powered by twin Volvo IPS500 or IPS600 engines, the Prestige 460 combines efficiency with easy handling, contemporary design with timeless elegance. The deck and layouts have been rethought, from its predecessor the 450 which has meant a bigger saloon and an owners cabin which looks like it's stolen from a much larger boat, while oversized saloon windows flood the interior with light. The Prestige 460 is designed by Garroni Design and engineered by JP Concepts.

Prestige 460
