## Crewsaver announces fresh new look for 2018 watersports range

Crewsaver will launch its 2018 watersports range to the industry at METStrade 14<sup>th</sup>-16<sup>th</sup> November 2017. The range, which has a fresh new look and features advanced fabrics, is packed full of adventure-aiding essentials, including performance clothing, accessories and luggage. The new range is aimed at all watersport enthusiasts and joins Crewsaver's recently launched Atacama drysuits and Fusion 3D buoyancy aids. Crewsaver, who has a proven track record in this market, is celebrating its 60<sup>th</sup> anniversary this year and can trace its history of manufacturing these types of products to the 1960s!

### Performance Clothing

Lightweight and compact, the Crewsaver Race Top is an unmissable addition for any watersport enthusiast, setting the bar for breathable performance thermals. Its waterproof fabric with a 10K hydrostatic head is fused with soft internal fleece lining providing the thermal protection needed to stay on the water for longer. Another benefit is the additional thermal protection offered by the foldable collar for optional face coverage. *Child/ Junior RRP £68. Adult RRP £80*

The Crewsaver Spray Top is the perfect solution for those seeking the next level in performance technology. The durable fabric has a hydrostatic head waterproof rating to 20K and is breathable up to 6K, making this one of the most advanced and affordable spray tops on the market. With uniquely tailored panels, the articulated shape of this spray top provides much sought-after unhindered freedom of movement. *Child/ Junior RRP £64.50. Adult RRP £76.50*

### Gloves

Protection, warmth and dexterity. The Crewsaver glove collection provides everything needed to keep hands happy whilst on the water. With short finger, three finger and neoprene options available (all integrated with supple Amara palm protection) there is a style to suit, no matter what the demand. *Gloves RRP £19 - £26*

### Footwear

Choose from a wide range of styles and fabrics including a choice of 5mm or 3mm neoprene construction, zip entry vs slip-on and boot vs shoe. All designed from highly flexible and durable materials with easy donning in mind. Look
