Only four weeks left to take advantage of MDL Marinas' substantial discounts on Summer Scrubs

There are just four weeks left to take advantage of MDL Marinas' exceptional Summer Scrub offers from across its extensive network. With discounts of up to 55 per cent on lift, pressure wash and relaunch, Summer Scrubs need to be booked via mdlmarinas.co.uk.

Whether racing, heading out on a summer cruise, or enjoying a day trip on the water, no one wants to be held back by barnacles, weed or slime. The impact of a foul hull on performance efficiency, speed and even fuel costs is well documented. With this in mind, MDL is offering discounts of up to 55 per cent on lift, pressure wash and relaunch across its 18 UK marinas. Plus, for those looking to experience MDL customer service for the first time, non-members can also take advantage of numerous summer berthing offers.

"We all know it's traditional to anti-foul in the Spring," says Adrien Burnand, MDL's head of marketing. "Sometimes these things fall behind, but a freshly scrubbed hull really does make a difference to performance for smooth sailing and powerboating. It's so much more efficient, decreasing drag, which is why we're offering these great discounts."

With Summer Scrubs prices starting from as little as £14.30 per metre (Woolverstone Marina, for up to 12m boat lengths), owners can also make use of the lift to get other niggling jobs sorted. As MDL marinas have a selection of support businesses on-site, such as chandleries and engineering services, Adrien notes this offer has been designed around making the most of the opportunity for fixing any challenges.

"With up to two weeks ashore included in some Summer Scrub offers, owners can reapply anti-foul if they want, run general maintenance, replace anodes, or even change their seacocks. Or, the marina offices can put them in touch with someone who can help them out."

Prices and discounts range across the extensive MDL network, and vary dependent on size of boat.
