

## **N e w s   R e l e a s e**

**For immediate release  
5<sup>th</sup> November 2013**

### **Savings to be had on boat winterising from the south coast's leading facility\***

Hamble Yacht Services are offering a generous helping hand this winter with savings on their laying up services.

The options for winterising are vast and can be as extensive or minimal as required. Winterising at Hamble Yacht Services, Port Hamble Marina, is available from October through to February and covers every aspect of laying up from engine and winch services to rig and steering system checks. Hamble Yacht Services have experts on hand who are happy to discuss individual lay up needs.

Now is the best time to get a 'head start' as we coast into the colder months.

An example package of key winter services could look like this:

- Lift out, pressure wash bottom, block off
- Prepare bottom and apply two coats of anti fouling
- Service of seacocks and valves
- Check for wear in cutlass bearing, plus stern gland
- Replace of cathodic protection as required
- Polish deck, superstructure and topsides
- Check steering system and rudder bearings for wear

There are savings to be had if booked before 30<sup>th</sup> November 2013 so contact Hamble Yacht Services

For more information on the services available at Hamble Yacht Services call 02380 454111 or email [sales@hambleyachtservices.co.uk](mailto:sales@hambleyachtservices.co.uk).

\*savings are subject to availability and vessel inspection. This offer does not apply to all services. Terms Conditions apply.
