Survitec Group supplies Crewsaver lifejackets to MBNA Thames Clippers

Survitec Group is excited to announce the supply of the Crewfit 165N Sport to MBNA Thames Clippers' for their 15 catamaran fleet.

All lifejackets include an added custom name badge system for crew members, which has notable benefits for MBNA Thames Clippers. The allocation of the lifejackets with the name badge system will also ensure that each lifejacket is well looked after and allow crew members to treat it as if it were their own. In addition, customers will be able to easily identify staff adding a personal touch to their service.

'MBNA Thames Clippers offer a fantastic service and we are really pleased to have been able to enhance this with the supply of these lifejackets,' Paul Callus, Sales Manager – Survitec Group.

The MBNA Thames Clippers' fleet carries 3.8 million passengers a year along the busy waters of the Thames and safety is paramount. The Crewfit 165N Sport from the popular Crewsaver Fusion 3D lifejacket range joins other Survitec Group products including liferafts, rope and Crewsaver Premier lifejackets procured for emergency use by passengers.

'We went out to tender for our lifejacket contract in 2015 and we were really impressed by Survitec's services and quality. The personalisation of lifejackets was important to us as we want our passengers to be able to engage with our crew' Sean Collins, CEO, MBNA Thames Clippers
