

Meet Shipyard Supply Co. at Monaco Yacht Show

Shipyard Supply Co (SSCo) the specialist deck hardware company, launched by Superyacht Tenders and Toys (SYTT) in August 2018, has already received an overwhelming industry reception, and has products in build for the largest yacht build in the world.

Supplying transom fenders, whips, carbon bathing ladders, games decks and much much more, the business operates as a separate entity from SYTT, and handles the manufacture and supply of specialist deck hardware whether custom built or standard issue.

We offer unrivalled customer service with market leading products to make the sourcing and buying process as easy as possible for yachts.”
